SECTION I (T)
3rd Revised Sheet No. 1
Cancels 2nd Revised Sheet No. 1

PRELIMINARY STATEMENT

TARIFF SCHEDULES

APPLICABLE TO

TELEPHONE SERVICE

OF

CenturyTel of Chatham, Inc. d/b/a CenturyLink (T)

OPERATING IN PORTIONS OF

CALDWELL, JACKSON, OUACHITA AND WINN

PARISHES

These tariff schedules have been regularly filed with the Public Service Commission of the State of Louisiana and are the effective rates and rules of this Company, and apply to intrastate services and facilities furnished within the State of Louisiana by CenturyTel of Chatham, Inc. d/b/a CenturyLink hereinafter referred to as the Company. (T)

Service will be furnished in accordance with these tariff schedules and no officer, employee, or representative of the Company has any authority to waive, alter, or amend these tariff schedules or any part thereof in any respect.

When services and facilities are provided in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.

The service charges specified in this tariff contemplate work being performed at the customer's location during regular scheduled working hours. Work performed during nonscheduled hours will necessitate the customer paying an additional charge for such nonscheduled work.

Effective July 28, 2009, CenturyTel of Chatham, Inc. registered the fictitious name CenturyLink. Effective October 19, 2009, CenturyTel of Chatham, Inc. d/b/a CenturyTel, began operating under the name CenturyLink. As such, CenturyTel of Chatham, Inc. d/b/a CenturyLink hereby adopts, ratifies, and makes its own, in every respect as if the same had been originally filed by it, all schedules, rules, notices, concurrences, schedule agreements, divisions, authorities or other instruments whatsoever, filed with the Louisiana Public Service Commission, State of Louisiana, by or adopted by CenturyTel of Chatham, Inc. d/b/a CenturyTel. (N)

By this notice, CenturyTel of Chatham, Inc. d/b/a CenturyLink also adopts and ratifies all supplements or amendments to any of the above schedules, etc., which CenturyTel of Chatham, Inc. d/b/a CenturyTel has heretofore filed with said Commission. (N)

Effective: October 19, 2009

LOCAL EXCHANGE SERVICE TARIFF

GENERAL

This tariff is governed, except as otherwise specified herein, by the General Exchange Tariff which is hereby made a part of this tariff. The charges quoted in this tariff are for a period of one month, payable monthly in advance, and entitle the subscriber to local exchange service to all stations bearing the designation of Chatham Central Office and Hebron Central Office, and Extended Area Service (EAS) from Chatham to Calhoun, Hebron, Monroe and West Monroe, and from Hebron to Columbia at the flat rates shown below.

The rates for Local Exchange Service apply to all customers regardless of whether the communicating devices are rented from the Telephone Company or provided by the subscriber.

Effective: March 24, 2008

PACKAGED SERVICES (Continued)

(N)

PREPAID LOCAL TELEPHONE SERVICE (PLTS)

Prepaid Local Telephone Service (PLTS) is a residential payment plan where the customer agrees to pay for service one month in advance. Upon establishment of the PLTS plan, the customer will be billed for one month service. The Company will require payment of these charges prior to establishment of service. Thereafter, the customer will be required to pay one month's service on a monthly basis. Once payment for service is received, one month's service will be provisioned and is non-refundable if the customer cancels service prior to the end of the month.

A PLTS is configured as follows:

1. Voice grade residential flat rate line, or local measured service line, if available
2. All mandatory services, including extended area service, expanded local calling, etc. (all tariffed charges applicable)
3. Tone Dialing (Tariffed tone dialing/touch tone charges are applicable)
4. Ability to dial 911
5. Ability to report service problems seven days a week
6. Ability to dial CenturyTel Customer Service
7. Primary directory listing (nonpublished/nonlisted available at tariffed charges)
8. Access to Directory Assistance
9. Toll blocking/usage sensitive services blocking (tariff charges applicable)
10. Call Waiting, Caller ID, and Call Forwarding included

B. Customers who are unable to pay the required charges to maintain their present service may activate a PLTS plan, but may be required to agree to a repayment plan for their current charges.

C. New customers who do not qualify for service due to a poor credit history may subscribe to PLTS.

D. The monthly rate for PLTS shall be in addition to any surcharges and fees established or authorized by a government entity, including but not limited to 911, subscriber line charge, sales tax and municipal fees.

E. Subscribers to PLTS are required to have mandatory toll blocking and usage sensitive blocking placed on their telephone line. It is the customer's responsibility to not make or receive calls for which additional charges are billed to the customer's telephone number.

F. The Company may disconnect PLTS service, with notice, for any of the following reasons:

1. Failure to make monthly payments to maintain the PLTS balance
2. Use of the service in a manner that interferes with the service of others

(N)

PACKAGED SERVICES (Continued)

(N)

PREPAID LOCAL TELEPHONE SERVICE (PLTS) (Continued)

- G. The Company may disconnect PLTS service without notice for any of the following reasons:
 - 1. If the customer accrues new billable charges for toll or other service on their telephone bill
 - 2. Where a known dangerous condition exists
 - 3. Where service is connected without authority by a person who has not applied for the service, or who has reconnected service without authority following termination of service
- H. If the PLTS customer is disconnected due to failure to comply with any terms of PLTS, they will no longer be eligible for PLTS. The customer can return to basic local telephone service if they meet the requirements for service, including payment of outstanding essential charges if applicable and payment of a deposit if their credit history is such that a deposit would normally be required.

MISCELLANEOUS SERVICE ARRANGEMENTS

(T)

TELECOMMUNICATIONS SERVICES PRIORITY

Description of the Service

The TSP System is a service that provides for the priority provisioning and/or restoration of National Security Emergency Preparedness (NSEP) telecommunications services. The TSP System applies only to NSEP services, includes local exchange service, Foreign Exchange Service, and Private Line Service and Channels, and provides the Telephone Company with a guide to the sequence in which services are to be provisioned and/or restored.

All facilities that can be identified by a unique circuit identifier can be provisioned for TSP service by the Telephone Company.

Obtaining TSP System Service

The Executive Office of the President through the TSP Program Office, is empowered with the authority to receive, evaluate and process requests for TSP services. The TSP Program Office makes the priority level assignments and issues the TSP authorization code reflecting the priority assignment associated with a request. The customer provides the TSP authorization code, in addition to all the other details necessary to complete the order to the Telephone Company to obtain TSP System service.

The TSP authorization code, assigned on a per order basis, consists of a 12-character field consisting of a nine-character control ID followed by a dash and a two-character field specifying the priority level assignment. Its structure is as follows:

TSPxxxxxn-yy

The "x"s represent a sequence of numbers unique to each TSP authorization code and the "n" is a one character alphanumeric check digit. The first "y" contains the provisioning priority level assignment and the second "y" contains the restoration priority level assignment.

SECTION XII (T)
1st Revised Sheet No. 2
Cancels Original Sheet No. 2

MISCELLANEOUS SERVICE ARRANGEMENTS

(T)

TELECOMMUNICATIONS SERVICES PRIORITY (Continued)

Provisioning Priority

If the customer requires service within a shorter time interval than the Telephone Company can provide, and the requested service qualifies for TSP, the customer may elect to invoke National Security Emergency Preparedness (NSEP) Treatment and obtain the appropriate provisioning priority assignment from the TSP Program Office. Acceptable assignment code values are: E, 1, 2, 3, 4, 5 and 0.

The assignment of the value "E" denotes Emergency Provisioning and implies the service has the most critical provisioning requirements and the Telephone Company will respond accordingly. The Telephone Company will take immediate action to provide the requested service at the earliest possible date.

The assignment values of 1, 2, 3, 4 and 5 are treated as essential service priorities and the Telephone Company will adjust its available resources to meet the customer's requested due date. The value "0" implies no provisioning priority.

Restoration Priority

A TSP authorization code for restoration priority classifies the service as being among the nation's most important NSEP telecommunications services. The Telephone Company will restore these services before services without restoration priority assignments in the order of priority assignments. Acceptable values are: 1, 2, 3, 4, 5 or 0 with the value "1" being the highest priority.

When the Telephone Company recognizes a TSP as being out of service, unusable or receives a trouble report, available resources will be dispatched to restore the service as quickly as practicable. A priority value of 1, 2, or 3 requires dispatch outside normal business hours if necessary to restore the service. A priority value of 4 or 5 only requires dispatch outside of normal business hours if the next business day is more than 24 hours away. If the value "0" has been assigned, then no restoration priority is applicable to this service.

The minimum period for service is one month.

MISCELLANEOUS SERVICE ARRANGEMENTS

(T)

TELECOMMUNICATIONS SERVICES PRIORITY (Continued)

Obligations of the Customer

In all instances, the customer is responsible for obtaining the appropriate TSP authorization code and providing that code to the Telephone Company.

The TSP System service customer must also be the customer for the facilities with which TSP service is associated. Only the customer is allowed to order TSP System service.

All points of a multipoint service configuration must have the same restoration priority assignment and must satisfy the requirements of that assignment. In obtaining TSP System service, the customer consents to the release of certain information by the Telephone Company to the federal government in order to maintain and administer the TSP System. Such information includes: the customer's name, telephone number and mailing address, the TSP authorization code and the circuit or service ID number associated with the National Security Emergency Preparedness (NSEP) service.

When a customer invokes TSP Treatment, the Telephone Company will attempt to notify the customer of expected charges. However, the customer when invoking TSP Treatment must recognize that quoting charges beforehand may not be practicable. Therefore, the customer grants the Telephone Company the right to quote and bill charges after the provisioning of the service.

During certain emergencies, the customer may request TSP assignments verbally and the Telephone Company will accept such verbal notification. The customer must submit a written order to the Telephone Company within two working days following the verbal request. If the written order is not received within two working days, all applicable rates and charges accumulated to date to provision TSP System service, become immediately due and payable and the requested TSP priority is revoked.

The customer must request and justify revalidation of all priority level assignments at least every two years as required by the TSP Program Office.

Additionally, the NCS Manual 3-1-1, "Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NSEP) Service User Manual", dated May 5, 2000 prescribes specific conditions which warrant TSP Treatment and related procedures.

MISCELLANEOUS SERVICE ARRANGEMENTS

(T)

TELECOMMUNICATIONS SERVICES PRIORITY (Continued)

Obligations of the Telephone Company

The Telephone Company will allocate resources to ensure best efforts to provide National Security Emergency Preparedness (NSEP) services by the time required.

The Telephone Company will work TSP System services in the order of their priority level assignments. The priority sequence is as follows:

- Restore TSP services assigned restoration priority 1
- Provision TSP services assigned restoration priority E
- Restore TSP services assigned restoration priority 2, 3, 4 or 5 and
- Provision TSP services assigned provisioning priority 1, 2, 3, 4 or 5.

The Telephone Company will work cooperatively with other providers of TSP service when only a portion is provided by the Telephone Company to ensure "end-to-end" service.

Additionally, TSP System service will be provided in accordance with the guidelines set forth in NCS Handbook 3-1-2, "Telecommunications Service Priority (TSP) System for National Security Emergency Preparedness (NSEP) Service Vendor Handbook" dated December 10, 2000.

Rates and Charges

The following rates and charges are in addition to all other rates and charges that may apply for services offered under this tariff which operate in conjunction with the TSP System.

Establishment of TSP System Service

The establishment of TSP System service charge is a nonrecurring charge (NRC) which applies when an access line and/or circuit is ordered. If both (provisioning and restoration) are ordered at the same time, only one NRC is applicable. The NRC is also applicable for orders changing priority levels. There is no charge to remove a TSP assignment.

	Nonrecurring Charge
Per Access Line/Circuit	\$15.00

Effective: January 23, 2010

TELECOMMUNICATIONS SERVICES PRIORITY (Continued)

Rates and Charges (Continued)

Provisioning Priority

There are two basic levels of priority provisioning, Emergency (provisioning priority "E") and Essential (provisioning priority 1, 2, 3, 4 or 5).

(1) Emergency Provisioning

The Telephone Company will take immediate action to provide the requested service at the earliest possible date.

The Telephone Company will adjust its available resources to meet the customer's requested due date.

Restoration Priority

Restoration Priority is a monthly rate per access line and/or circuit for the ongoing administration and maintenance of the TSP System. This monthly rate only applies for all restoration circuits or lines.

	Monthly Rate
Per Access Line/Circuit	\$5.00

MISCELLANEOUS SERVICE ARRANGEMENTS

RESIDENCE CUSTOMER REFERRAL PROGRAM

(N)

- A. Existing residence customers may be eligible for a one-time \$50 bill credit when they submit a referral via the Company's Internet website that results in the establishment of a new customer account for service that includes residential local exchange service. To be eligible, referred customers must establish a new customer account for service that includes residential local exchange service, and provide the Company with the billing account number of the Company's existing referring customer who generated the on-line referral under this program. Once confirmed, this one-time \$50 bill credit will be applied to the referring customer's account within sixty days. This bill credit is limited to one bill credit per customer referral and unused credits will roll over to future months. Each customer is limited to a maximum of \$600 in referral credits per calendar year.

- B. New residence customers may be eligible for a \$10 bill credit for six consecutive months. To be eligible, referred customers must establish a new customer account for service that includes residential local exchange service, and provide the Company with the billing account number of the Company's existing referring customer who generated the on-line referral under this program. Once confirmed, the \$10 bill credits will be applied to the referred customer's account during each of the referred customer's first six bill cycles with the Company. If the referred customer discontinues the local exchange service prior to the end of the six month period, no additional credits will be applied although the referred customer will not be required to refund the Company for previously acquired bill credits.
