A circuit between a switching center and a subscriber premises which includes a network interface (jack).

ACCESSORIES

Devices which are mechanically attached to, or used with, the facilities and equipment furnished by the Telephone Company and which are independent of, and not electrically, acoustically or inductively connected to, the communications path of the telecommunications systems. These devices may not replace any of the component parts of the Company facilities or equipment nor be injurious to the telecommunications network.

ADDITIONAL LISTING

Any listing of a name or other authorized information in connection with a customer's telephone number in addition to that to which he is entitled in connection with his regular service.

AIR LINE MEASUREMENT

See "Mileage".

APPLICANT

Any person, firm, partnership, corporation, municipality, cooperative organization, governmental agency, etc., applying to the Company for new service or re-connection of discontinued service.

APPLICATION

A request made verbally or in writing for telephone service or a request for a change in existing service.

CENTURYTEL OF COWICHE

(C)

DEFINITIONSAUTHORIZED USER

A person, firm or corporation (other than the customer) on whose premise the Access Line, Private Line Service, or Channel is located and who may communicate over such channels in accordance with the terms of this tariff.

BASE RATE

The area or areas within an exchange area wherein mileage charges for primary exchange service do not apply.

BASE RATE AREA

A specific area within which urban grades of exchange service, as determined from time to time, are furnished at rates quoted in the Local Exchange Service Tariffs without extra exchange line mileage charges.

BUILDING

The term "same building" or "building" is to be interpreted to mean a structure under one roof or two or more structures which are connected by an enclosed passageway in which the wires or cable of the Company may be placed without exposure to outside electrical circuits or the weather. In no case can pipes and conduit be considered as an enclosed passageway.

BUSINESS SERVICE

Business service is exchange service furnished to customers whose actual or obvious use of the service is for conducting a business, trade, or profession or whose use of the service is obviously not confined to domestic use. Use of a telephone number on business cards, billboard and vehicle signs, or in newspaper and magazine advertising in conjunction with the continuing provision of goods or services, shall constitute business service.

BASIC LOCAL EXCHANGE ACCESS LINE SERVICE

LOCAL EXCHANGE ACCESS LINE SERVICE

A. GENERAL

1. Basic local exchange access line service is provided by means of a circuit directly connecting the central office switching equipment with the customer's premises to enable the establishment of telephone communications between stations in the same or different exchange at the monthly rates contained in this tariff. The facilities used to furnish local exchange access line service are also used to furnish toll telephone services.
2. Conditions
 - a. The rates set forth below are for a minimum one month period and entitle the customer to an unlimited number of telephone calls within the exchange (including EAS between Cowiche and Tieton) without additional charge.
 - b. Applicable taxes levied by state, county and local taxing authorities are added to the rates set forth in this section.
3. Base Rate Area

For purposes of this tariff, the Base Rate Area (BRA) identified on the BPA map at Sheet No. 104 of this tariff, encompasses CenturyTel of Cowiche's service areas.

E. LINE/TRUNK HUNTING SERVICE

(N)

Conditions

1. Line Hunting Service provides a feature where a group of telephone numbers are linked together so that if any one number in the group is busy when called, subsequent numbers are searched until an idle telephone number is connected.
2. When a hunt number is dialed, the Central Office equipment will connect the call to that line. If that line/trunk is busy, the Central Office equipment hunts for the first available idle line/trunk in sequence behind that line/trunk. When the first idle line/trunk is found, the call rings through on that line/trunk.
3. The Central Office will continue hunting through the sequence until it has searched through the entire group.
4. Should all of the lines/trunks in that group be busy, the Central Office equipment will return a busy signal to the caller.
5. This offering is for terminal line/trunk hunting. Customized hunting may be provided when technically feasible and the proper equipment is available.
6. When the hunt feature is to be added to lines/trunks, and no other service order related work is being performed on that line/trunk, then service order charges will apply.

Rates

1. Service charges apply as follows:

	<u>Monthly Rate</u>	<u>Non-Recurring Charge</u>
Line/Trunk Hunting, per Line/Trunk	\$2.00	\$5.00

DIRECTORY LISTING SERVICE

D. CONDITIONS

1. Listings in the alphabetical section of the telephone directory are intended solely for the purpose of identifying subscribers' telephone numbers as an aid to the use of telephone service.
2. Non-listed telephone numbers are not listed in the telephone directory but may be obtained from Directory Assistance (Information). Non-published telephone numbers are neither listed in the telephone directory nor given out by Directory Assistance (Information).
3. Subscribers to non-published and non-listed service will be required to maintain such service until the first issuance of a directory in which a requested change may be published, or until telephone service is discontinued with the last regular bill dated before the issuance of the directory in which the charge is made.
4. The subscriber understands and agrees that any use of the telephone by the subscriber or any other person to dial 9-1-1 will transmit account name, address and telephone number to the public service answering point, which may in turn transmit such information to any emergency service agency such as police, fire or emergency medical service.

WASHINGTON TELEPHONE ASSISTANCE PROGRAM

1. Description

The Washington Telephone Assistance Program (WTAP) is designed to help low income households afford access to local exchange telephone service. The program is only available to customers who meet eligibility requirements established by statute.

Residents of Tribal Lands not qualified based on the preceding requirements, may qualify for the Federal Lifeline discounts per conditions in (3) following.

2. Terms and Conditions

a. Certain qualifying residential customers are eligible for service under WTAP. See the appropriate section of the Washington Administrative Code (WAC) 480-122. If eligible, the program includes the following:

- Single party, voice grade access to the Public Switched Network
- Access to emergency service (e.g., 911, E911)
- Access to operator services
- Access to interexchange services, unless toll blocking is chosen
- Access to directory assistance
- Toll restriction services

b. Eligible applicants will receive a discount sufficient to reduce the monthly rate for the lowest available grade of flat rate local exchange telephone service to \$8.00 inclusive of the FCC's End User Access charge.

c. Deposit requirements do not apply to WTAP customers if call restriction (toll blocking) is employed.

3. Tribal Lifeline – Federal Tier Four Reduction

a. Additional federal Lifeline support of up to \$25.00 is available for residents of Tribal Lands. Tribal Lands are defined as lands adjacent or contiguous to reservations that generally have been considered tribal lands for purposes of other federal programs targeted to federally recognized Indian tribes.

The cities are: Wenatchee, Ellensburg, Hoquiam, Asotin and Clarkston.

- b. Residents of Tribal lands who qualify for Lifeline based on the requirements listed in (2a.) preceding are eligible for the additional Tier Four Reduction. Residents of Tribal Lands who do not meet those requirements are eligible for the Federal Tier One baseline lifeline credit (which waives the Federal Subscriber Line Charge (SLC)), the Federal Tier Two credit of \$1.75 and the Federal Tier Four credit if they participate in one of the following programs:

Bureau of Indian Affairs (BIA) general assistance program
Tribally administered Temporary Assistance for Needy Families (TANF) block grant program
Head Start programs (under income qualifying eligibility provision only)
National School Lunch Program's free lunch program

- c. The following applies for those eligible residents of Tribal Lands who qualify only for Tier One, Two, and Four reductions. The Company must obtain the customer's signature on a document in which the eligible customer certifies, under penalty of perjury, that such customer receives benefits from at least one of the programs mentioned above, and lives on or near a reservation. In addition to identifying the program or programs from which that customer receives benefits, the customer must also agree to notify the Company if that customer ceases to participate in the qualifying program or programs.
- d. The Tier Four reduction applies to the one-party local residential rate, including any mileage, zonal, or other nondiscretionary charges associated with basic residential service. However the reduction may not bring the basic local residential rate below \$1.00 per month.

MISCELLANEOUS SERVICE ARRANGEMENTSPAYPHONE SERVICE

A. GENERAL

Payphone Service is available to Payphone Service Providers where Company equipment, facilities and operating conditions permit.

B. DEFINITIONS

1. Billed Number Screening - The term "Billed Number Screening" means a service which allows the Customer to identify to the Company that they will not accept any Third-number and/or Collect calls for billing to their telephone number. The Company places information regarding this screening restriction into a database that is normally accessed by operator service providers prior to such calls being completed. When customers have indicated that they do not wish to accept billing for any Third-number or Collect calls, the database will not validate charging for such a call. The operator service provider can then decide whether to complete the call based on this information provided by the database. Billed Number Screening can be ordered to screen third- number billed calls, collect calls, or both.
2. Originating-Line Screening (OLS) - The term "Originating- Line Screening" means a service which enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available.

PAYPHONE SERVICE (Continued)

B. DEFINITIONS (Continued)

3. Payphone - The term "Payphone" means a coin or coinless instrument provided in a public place where Payphone Service Provider customers can originate telephonic communications and pay the applicable charges by (1) inserting coins into the equipment, or (2) using a credit card, or (3) third party billing the call, or (4) calling collect.
4. Payphone Service Provider - The term "Payphone Service Provider" means an entity that provides telecommunications service by a Payphone connected to the public switched telecommunications network through Payphone Service ordered from this Schedule and is sometimes referred to in this Schedule as "Customer".
5. Selective Class Call Screening - The term "Selective Class Call Screening" means a service which enables the Payphone Service Provider to restrict outgoing operator-handled calls, placed over the Company's network, from the service point to only those calls which are charges to a called telephone, a third number or a calling card.

General(C)

- A. The Company will furnish, install and maintain all facilities necessary to serve applicants or customers in accordance with its lawful rates, terms and conditions, and with its established construction standards.
- B. The type of construction (buried or aerial) is the prerogative of the Company, except where designated by law. If applicant(s) chooses a different type of construction than that specified by the Company, the applicant(s) will be responsible for any additional cost.
- C. The route will be determined by the Company. If applicant(s) chooses a different route than that specified by the Company, the applicant(s) will be responsible for any additional cost.
- D. Bills for construction charges are not to be construed as being bills for exchange or interexchange service.
- E. The estimated cost of construction for a specific job will be provided to the applicant(s) requesting the construction. The estimated cost of construction will be in writing and will be good for thirty days after the Company provides a bill to the applicant(s).
- F. Where applicants are so located that it is necessary or desirable to use private and/or government right-of-way to furnish service, such applicants may be required to provide or pay the cost of providing such right-of-way in addition to any applicable charges.
- G. Any force majeure event, or other condition which prevents the provision and performance of service, may delay the timeframes or construction intervals referred to within this tariff. This includes, but is not limited to: delays caused by the applicant, including failure to provide access to the customer's premises; delays caused by local, state, federal, or tribal government authorities, including failing to provide easement or access to rights-of-way; delays caused by vendors or other third parties, or; uncontrollable events, such as frozen ground, tornadoes, severe weather, lightning, injunctions, strikes or work stoppages, and negligent or willful misconduct by customers or third parties, including but not limited to, outages originating from introduction of a virus onto the provider's network.

A. Description (Continued)

3. Definition of Terms

As used in this tariff, the following terms shall have the definitions ascribed to them in WAC 480-120-071(1): applicant, cost of service extension, developer, development, distribution plant, drop wire, extension of service, extraordinary cost, order date, premises, tariffed, temporary occupancy, and temporary service. A copy of WAC 480-120-071(1) is available upon request.

B. Terms and Conditions

1. Allowance

The Company provides a one thousand foot allowance for an extension of service at no charge to the applicant, subject to the conditions set forth in this tariff. Multiple applications for a single extension of service or multiple applicants on a single application for an extension of service are permitted when the extension of service follows a single construction path. When there are multiple applicants for an extension of service or multiple applications received at the same time for an extension of service that follow a single construction path, the one thousand foot allowance may be aggregated by the number of applicants. For example, if there are two applicants, the allowance becomes two thousand feet.

2. Application Process

a. The applicant must complete the application form provided by the Company and submit it to the Company. The application form will be provided to the applicant within seven business days of the applicant's initial request for service. In the case of multiple applicants, each applicant must either file a separate application form or be separately identified on and sign a single form. Each applicant will be billed an equal portion of the applicable charges. Multiple applicants may agree to divide the bill among themselves in a ratio different from that billed so long as the Company receives full payment. Under normal circumstances, the Company will construct the extension of service and provide residential basic local exchange service within thirteen months from the order date. There are three exceptions:

- (1) When an extension of service exceeds the one thousand foot allowance, in which case the Company will provide the applicant(s) a bill for the estimated cost of construction within one hundred and twenty days of the order date; and
- (2) When there are extraordinary costs for construction within the one thousand foot allowance, and the Commission grants the Company's request to charge the applicant for the extraordinary extension of service cost, the Company shall provide the applicant(s) a bill for the estimated cost of construction as soon as practicable after receiving permission to recover the extraordinary costs. In the event the Commission rejects the Company's request, then the period of time to complete construction shall be extended by the time which has elapsed from the Order Date to the date of the Commission's order rejecting the request; and

 - 3. Extension of Service Charge True Up (Continued)
 - b. In every case of a refund or additional charges, the Company shall provide the applicant(s) detailed construction costs showing any difference (whether in excess of the estimated cost of construction or below the estimated cost of construction).
 - 4. Subsequent Applicant(s)
 - a. If, within five years of the order date for an extension of service, a subsequent applicant(s) seeks service which would be provided by means of the previous extension of service where the original applicant or applicants paid construction charges under this tariff, then the subsequent applicant(s) will pay a proportionate share of the original extension of service charges before the Company will provide service. The amount paid by the subsequent applicant(s) will be refunded proportionately to the original applicant(s) who paid the extension charges.
 - b. In addition to a. above, where a subsequent application involves an additional extension of service from the previous extension of service, this will be treated as an application for a new extension of service and additional extension of service charges may apply if this extension of service exceeds the one thousand foot allowance as provided for in B.1 above, or if the Commission grant's the Company's request to charge for any extraordinary extension of service costs.

CONNECTION WITH CUSTOMER-PROVIDED EQUIPMENT AND FACILITIES

RULES AND REGULATIONS

A. GENERAL

1. Circuitry and terminal equipment connected at the customer's premises to facilities furnished by the Company for use with individual-line exchange service must comply with Part 68, Subpart B of the Federal Communication Commission Rules and Regulations.
2. The general Regulations contained in Section II of this tariff apply to connecting of circuitry and terminal equipment connected at the customer's premises. In any instance where the tariff of the Company conflicts with the effective order of the FCC, the FCC order will have precedence.

B. RESPONSIBILITY OF THE CUSTOMER

1. A customer desiring to connect customer-provided terminal equipment, protective circuitry, data equipment, or communications systems, to the exchange and message toll network must make application to the Company. Such application may be made verbally prior to the desired in-service date and shall include the following:
 - a. The type and manufacture of each item of the grandfathered equipment or the FCC registration number and ringer equivalence number of the registered terminal equipment or registered protective circuitry.
 - b. The number of access services desired.
2. A customer must notify the Company of his intent to disconnect customer-provided equipment or services from the Company's Access lines.

CUSTOM CALLING SERVICES

I. DESCRIPTION

Custom Calling Services provide special calling features to residence and business exchange access lines.

Custom Calling Services are provided only where facilities are available and operating conditions permit.

Some features, such as Caller Identification, Call Rejection and others, may not be immediately available, but will be offered as soon as conditions and facilities permit.

(C)

CUSTOM CALLING SERVICES

II. DEFINITIONS

CALL FORWARDING

Provides for the transfer of incoming calls to another telephone by dialing a code and the telephone number to which the calls are to be transferred. Any message toll charges applicable to the forwarding are assessed to the customer with the Call Forwarding feature.

CALL FORWARD BUSY

Allows a customer to have incoming calls forwarded to another predetermined number when the called number is busy.

Any message toll charges applicable to the forwarding are assessed to the customer with the Call Forwarding feature.

CALL FORWARD NO ANSWER

Allows a customer to have an incoming call forwarded to another predetermined number if the customer does not answer after a preset number of rings. Any message toll charges applicable to the forwarding are assessed to the customer with the Call Forwarding feature.

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)CALL FORWARD- DON'T ANSWER (EXPANDED)

Allows a customer to have an incoming call forwarded to another predetermined number outside the serving central office switch if the customer does not answer after a preset number of rings. Any message toll charges applicable to the forwarding are assessed to the customer with the Call Forward - Don't Answer (Expanded) feature.

CALL FORWARD REMOTE ACCESS

Allows a customer to remotely activate and deactivate the Call Forwarding function. Calls can be remotely forwarded to any telephone number. This feature is in addition to basic Call Forwarding. Any message toll charges applicable to the forwarding are assessed to the customer with the Call Forward Remote Access feature.

SELECTIVE CALL REJECTION *60

Enables a customer to reject call attempts from up to fifteen numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)CALL TRACE *57

Allows a called party to initiate an automatic trace of the last call received. Call Trace *57 is available on a usage basis only. After receiving the call, which is to be traced, the customer dials a code and the traced telephone number is automatically sent to the Company for action. The customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

CALL TRANSFER

Enables a customer to transfer an incoming call to third party or add a third party to an existing call, forming a three-party connection, and then to leave the connection without disconnecting the call.

CALL WAITING

A function that provides a tone to the party using the telephone to indicate another call is waiting on the line. Successive transfers between calling parties can be accomplished through switch-hook operation. This feature is not available on trunk-hunting central office lines.

CANCEL CALL WAITING

Allows the customer who has Call Waiting the ability to disable the Call Waiting feature for the duration of a call. Cancel Call Waiting is automatically deactivated when the customer disconnects from the call.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)CALLER ID – BLOCKING

There are two types:

(1) PER CALL - Enables a customer to control the disclosure of his/her name and/or telephone number to a subscriber of Caller ID (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public Status" allows delivery of the name and/or telephone number. "Private Status" prevents delivery of the name and/or telephone number.

(2) PER LINE - Provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. If a line is equipped with this feature, the name and number of that line will not be delivered to any subscriber of Caller ID. Poison control centers, hospitals, medical centers and others who might use Caller ID will not be able to identify callers with Caller ID Blocking - Per Line who need assistance. E911 is not affected.

CALLER ID

Allows for the automatic delivery of a calling party's name and telephone number (including non-published and non-listed telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The name and number are displayed on customer-provided equipment.

Customers of Caller ID may not, without permission of the calling party, publicize or disclose to third parties the telephone number information obtained via use of the service. Failure to comply will result in termination of the Caller ID service.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICEII. DEFINITIONS (Continued)CALLER ID (Continued)

The name displayed shall be the name associated with the calling telephone number as shown on the Company's records. The Company in its discretion may abbreviate or limit that name for display purposes. The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified in writing of such errors.

CALLER ID NUMBER ONLY

Allows for the automatic delivery of a calling party's telephone number (including non-published and non-listed telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer-provided equipment.

BUSY REDIAL *66

Allows a customer to dial a code that will cause the feature to automatically redial the last number the customer dialed. If the called number is busy, the feature will redial the called number for a limited period of time. A distinctive ring alerts the customer when the called number becomes available.

DENY ORIGINATION

This feature denies origination of all calls from a line.

DENY TERMINATION

This feature denies the termination of calls to a line.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)LAST CALL RETURN

Allows a customer to dial a code that will cause the feature to automatically redial the number of the last incoming call to that line, whether the call was answered or not. The customer does not have to know the number of the calling party. If the calling party's number is blocked, by the calling party, the service will not return the call. If the called number is busy, the feature will redial the called number for a limited period of time. A tone alerts the customer when the called line is available.

MESSAGE WAITING - AUDIO

Returns an audible signal to the subscriber when the handset is first lifted off hook to indicate that the subscriber has one or more voicemail messages.

DISTINCTIVE RING BUSINESS

An additional feature to business local exchange service offering one (1) additional number which is billed to the primary business exchange access line number.

VIP Alert

Allows a customer to assign a maximum of fifteen (15) callers' telephone numbers to a special list. The customer will hear a distinctive ring at his/her location when calls are received from callers' telephone numbers on that list.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)SELECTIVE CALL FORWARD * 63

Allows a customer to specify a special list of a maximum of fifteen (15) telephone numbers. Incoming calls placed to the customer from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally.

SELECTIVE CALL ACCEPT *64

Allows customers to define a list of calling directory numbers that will be accepted. Any calling numbers not on that list will be routed to announcements and rejected. The calling party not on the acceptance list will receive an announcement stating that the call is not presently being accepted by the called party. Subscribers can review and change the list of accepted directory numbers as desired.

SECOND LINE - EAS RESTRICTION

Allows the customer to restrict a second line against making EAS calls.

SPEED CALL

A function that allows a customer to assign and dial abbreviated codes to frequently-called numbers. The service is either 8 or 30 numbers.

DISTINCTIVE RING

An additional feature to residential local exchange service offering one (1) additional number which is billed to the primary residential exchange access line number.

(C)

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESII. DEFINITIONS (Continued)3-WAY CALLING

A feature providing the capability to add a third party to an existing conversation.

TOLL DENIAL

A feature which denies the origination of or termination of calls.

WARM LINE

Allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within thirty (30) seconds after going off-hook. When the customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office switching equipment. The connection to the predetermined number associated with Warm Line cannot be changed except by the Company through a Service Order and payment of a Service Order charge.

PRIVACY PROTECTOR

Privacy Protector works to intercept unidentified callers. Calls that can be identified by Caller ID are connected as normal calls. Calls that cannot be identified are intercepted and routed to an announcement, which states that the caller does not accept calls from telemarketers. Callers pressing 1 will have the call completed to the called number. The Privacy Protector feature can be activated and deactivated by the subscriber. This feature requires that the subscriber must be also subscribe to Caller ID.

(C)

CUSTOM CALLING SERVICES

III. CONDITIONS

1. A directory listing is provided with Distinctive Ring.
2. When the subscriber's exchange access line is equipped with Call Waiting and either Distinctive Ring Line and the line is busy, incoming calls will generate a distinctive Call Waiting tone at no additional calling feature charge beyond the original charges for Call Waiting and the Distinctive Ring Line.
3. When the subscriber's exchange access line is equipped with Call Forwarding and either Distinctive Ring Line, the subscriber may choose to have both telephone numbers or only the main telephone number forwarded. If both numbers are forwarded, the distinctive ringing pattern is not forwarded.

CENTURYTEL OF COWICHE

(C)

CUSTOM CALLING SERVICESIII. CONDITIONS (Continued)

4. Any customer using a measured service type of line, including measured EAS service, will incur a usage charge on any call using any type of Call Forwarding or Last Call Return features.
5. Custom Calling Services will be provided where technically and/or economically feasible and are furnished only in central office areas where facilities permit, as determined by the Company.
6. Caller ID will only be provided where technically and/or economically feasible and where sufficient demand exists to warrant provision of the service.
7. The Company cannot guarantee that Caller ID-Blocking will be successful. The Company shall not be liable for any damages, whether direct, consequential, incidental or special. The sole liability of the Company due to errors, omissions or mistakes shall be to refund the nonrecurring charge, if any was assessed.
8. The customer may initially subscribe to Caller ID - Blocking Per Line without incurring a nonrecurring charge. Once a customer does subscribe to Caller ID - Blocking Per Line, any subsequent addition or deletion after a subsequent addition of the service shall be made subject to the customer paying a service order charge of \$13.00 per business line or \$8.00 per residential line, provided that no such charge shall apply to law enforcement, domestic-violence and crisis-intervention agencies and, upon certification by a domestic-violence or crisis-intervention agency, to volunteers working for those agencies. Caller ID - Blocking Per Call is always provided at no charge.

N11 ABBREVIATED DIALING CODES

(N)

A. Description

1. Abbreviated dialing codes enable callers to connect to a location in the phone network that otherwise would be accessible only via a seven or ten-digit telephone number. The network must be pre-programmed to translate the three-digit code into the appropriate seven or ten-digit telephone number and route the call accordingly. For N11 codes, the first digit can be any digit other than 1 or 0 and the last two digits are both 1.
2. The following N11 abbreviated dialing codes were assigned for specific uses by FCC Decision Nos. 97-51 and 00-256, issued in CC Docket 92-105:

211 – Community Information and Referral Services

311 – Non-Emergency Governmental Services

511 - Traffic and Transportation Information

711 – Telecommunications Relay Service

811 – One-Call Notification Systems

B. Terms and Conditions

1. The offering of these abbreviated dialing codes can be delivered via regular exchange access lines (by individual business line, residential line, PBX trunks, etc.)
2. Access to these abbreviated dialing codes is not available through the following dialing arrangements:

1+

0+, 0- (credit card, third-party billing, collect calls)

101XXXX

Operator assisted calls will not be completed.

B. Terms and Conditions (Cont'd)

3. The company will provide only the delivery of the calls. The entity that has been granted authorization to use the N11 abbreviated dialing code will be responsible for providing any announcements and services to the callers.
4. Directory listings may be provided for N11 services under the terms, conditions, and rates specified in Section 200 of this tariff.
5. The N11 subscriber is restricted from selling or transferring the N11 code to an unaffiliated entity, either directly or indirectly.
6. Calls to the N11 code that translate to a disconnected number will be routed to intercept for a maximum of 60 days when the N11 provider is a Company subscriber.
7. Disputes regarding geographic coverage by two or more N11 subscribers will be referred to the Washington Utilities and Transportation Commission.
8. Only a single seven or ten-digit local number or a single ten-digit toll free number may be used as the point-to-point number.
9. The N11 subscriber should work separately with cellular or wireless companies to ascertain whether cellular or wireless customers will be able to reach referral services provided by dialing N11.

 - c. The N11 subscriber will be liable for, and will indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgements, and all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, or any patent, trademark, copyright, or resulting from any claim of liable and slander.
 - d. Suspension of N11 Service is not allowed.
 - e. The N11 subscriber will respond promptly to any and all complaints lodged with any regulatory authority against any service provided via N11. If requested by the Company, the N11 subscriber will assist the Company in responding to complaints made to the Company concerning the subscriber's N11 service.

B. Terms and Conditions (Cont'd)

10. (Cont'd)

- f. The Company will provide both oral and written notification when a N11 subscriber's service unreasonably interferes with or impairs other services rendered to the public by the Company or by other subscribers of N11. The Company reserves the right once notification is made to institute protective measures up to and including termination at any time and without further notice. The Company may take protective measures when the N11 subscriber makes no modification or is unwilling to accept modification in method of operation, or continues to cause service impairments.

11. The following conditions apply if the N11 subscriber provides a pre-recorded announcement:

- a. The N11 subscriber will provide the announcements. The Company will provide only delivery of the call.
- b. The provision of access to the N11 network by the Company for the transmission of announcements or recorded program services is subject to the availability of such facilities and the requirements of the local exchange network.
- c. The N11 subscriber assumes all financial responsibility for all costs involved in providing announcements or recorded program services including, but not limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
- d. The N11 subscriber assumes all financial responsibility, according to other specific rates and charges under tariff, for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises.

VACATION NUMBER RESERVATION

(N)

A. Description

Vacation Number Reservation provides for temporary suspension of service at customer request for a period of not less than one (1) month and not to exceed nine (9) months in a twelve (12) month period. Vacation Number Reservation applies only to residential and business access line rates. It does not apply to Key, PBX, Centrex lines, or Trunks, calling features or bundled services. The customer's account must be current to be placed on Vacation Number Reservation. After service has been restored, there will be a minimum of one (1) month's charge for full service before the service can again be put on Vacation Number Reservation.

B. Conditions

1. Telephone service will be completely disconnected during the period of Vacation Number Reservation; there will be no dial tone.
2. If the customer has not requested that the service be restored after nine (9) months of Vacation Number Reservation, the service will revert back to the standard rate; however, full service (dial tone) will not be restored until the customer requests such by contacting the Telephone Company. The customer will be notified of the date of the discount expiration in advance.
3. There will be no charge to activate Vacation Number Reservation. Applicable nonrecurring charges will apply each time Vacation Number Reservation is restored to full service.

C. Rates

The charge for Vacation Number Reservation is Fifty (50) percent of the regular flat rated monthly access line rate.

III. CONDITIONS

- A. The Company shall not be required to provide 9-1-1 Service to less than an entire Central Office serving area.
- B. The Company does not answer and/or forward 9-1-1 calls. The Company furnishes the use of its facilities to enable the customer's personnel to receive such call.
- C. The Company does not have a Serving Central Office. As a result, the Company does not provide Default Routing or Selective Routing.
- D. There will be no charge to the calling party by the Company for originating a 9-1-1 call.
- E. The calling party forfeits any privacy rights afforded by a non-published or non-listed service when placing a 9-1-1 call.
- F. If a 9-1-1 call is originated via a telecommunications company other than the Company or by any other Non-Company source such as an alternative operator provider, shared service provider, or by a cellular provider or any other radio based source (whether provided by the Company or not) the completeness and accuracy of the ANI and ALI information, forwarded cannot be and will not be assured.
- G. The Company's 9-1-1 Service is limited to the transport of a 9-1-1 call from a caller to connection with the facilities of another LEC which transports the 9-1-1 call to PSAP.
- H. 9-1-1 Service is restricted to one-way service from the Company's CO to the facilities of another LEC. If the customer desires dedicated facilities from its PSAP to a response agency (Police, Fire, Emergency Medical, etc.) located in the Company's service territory, the customer must purchase those facilities out of the Company's special access tariff.

-
- I. Rates charged for 9-1-1 Service include normal monitoring of 9-1-1 dedicated facilities to discover errors, defects and malfunctions in the network, but do not include any additional monitoring. If available, the Company may provide additional inspection and monitoring of facilities for an additional charge upon customer request.
 - J. Options for Diverse Routing will be reviewed at the time 9-1-1 Service is ordered and also at the annual anniversary of the provision of 9-1-1 Service. The Customer shall purchase sufficient facilities to allow a minimum level of Diverse Routing. Additional charges for Diverse Routing shall apply on an Individual Case Basis (ICB).
 - K. The Company will build and maintain the MSAG file in concert with customer, utilizing standard service addresses (i.e. house numbers, street names, and postal communities).
 - L. The rates and charges for 9-1-1 Service elements are based upon utilizing standard service addresses (i.e. house numbers, street names, and postal communities) in populating the DMS (Data Management System). The use of addressing which is not in this format will be at a price established on an Individual Case Basis (ICB).

-
- M. Routine MSAG changes will be made within two business days of receipt. Special or large volume changes and annexations may require more than two business days. Charges for customer-initiated changes and rearrangement affecting the subscriber's service address and ALI database records (e.g., street name and number changes, emergency services zone and name change, jurisdictional boundary changes and rearrangements, etc.) other than those processed in normal updates, will be based upon the actual cost for such changes and rearrangements. In such cases a valid comparative listing of changes must be supplied by the customer providing direct and individual references to existing designations.
- N. The Company will maintain a table of Emergency Service Numbers (ESN). Customer requested changes to the ESN will be charged at actual cost.
- O. The maintenance of the ALI database, as well as the 9-1-1 call routing, for those telephone accounts in locations outside of their normal central office serving territory will require special procedures and will be provided at actual cost. Telephone lines terminated in locations outside of their central office territory may not be able to be service by normal 9-1-1 routing or ALI records. The Company will determine how this will be handled and advise the customer.

CENTURYTEL OF COWICHE

(C)

- P. The customer will process all 9-1-1 calls 24 hours per day, seven days per week, 52 weeks per year, that come in from the Company's facilities whether or not a specific 9-1-1 call is outside the customer's jurisdiction.
- Q. The 9-1-1 Service is not a replacement for a telephone number of the PSAP. The PSAP will have at least one 7-digit unlisted and one 7-digit listed number, each available 24 hours a day, for a total of two 7-digit numbers.
- R. Customer will make application for 9-1-1 service in writing. The customer or agent for the customer must provide satisfactory proof of appointment. 9-1-1 jurisdictional disputes between municipalities and/or counties and resolutions thereof are between the municipalities and/or counties and shall not be the responsibility of the Company.
- S. A PSAP may only reverse search the automatic location identification (ALI) database to secure information about lines from which 9-1-1 calls have been placed but the connection has been lost and to the extent authorized by WAC 480-120-452 as now enacted or hereafter amended.

(C)

Reverse search shall not be used for criminal or legal investigations or other non-emergency purposes.

- T. The customer must purchase 9-1-1 service elements contained with in the tariff sufficient to maintain a P.01 grade of service. A minimum of two circuits is required between each Central Office and the Serving Central Office.

(C)

-
- U. Prior to dispatch, the PSAP attendant dispatcher will attempt to obtain the location of the incident from the caller. The address information maintained by the Company may not be the actual location of the caller's need.
 - V. CPE must be compatible with the service furnished by the Company and the interface standards of the Company. The Company's interface standard will be furnished to a customer upon request.
 - W. The Company or customer shall each notify the other in the event one finds that the 9-1-1 Service is not functioning properly.
 - X. The customer shall be billed monthly for payment of recurring charges in advance. The customer shall be billed for non-recurring charges after they have been incurred. Payments shall be made at the office of the Company or to an authorized collector of the Company. All bills are due and payable upon presentation and delinquent if not paid within 15 from presentation. Late payments shall bear interest at one percent per month, pro-rated to date of payment.
 - Y. 9-1-1 Service shall be temporarily interrupted for CO upgrades or updates. The Company shall try to keep such interruptions to a minimum.

-
- Z. The following Rules from WN U-1 shall apply and are hereby incorporated by this reference as if fully set forth.

- AA. For calls placed to a PSAP from off-premise stations behind business systems, where ANI is provided, it may provide the identity of the primary telephone service billing or lead number.

IV. LIABILITY

- A. The Company, and its directors, officers, employees and agents, shall not be liable for civil damages caused by an act or omission of the Company, its employees or agents in the:
- i. Good-faith release of information not in the public record, including unpublished or unlisted subscriber information to emergency service providers responding to calls placed to a 9-1-1 Service, or
 - ii. Design, development, installation, implementation, maintenance or provision of 9-1-1 Service other than an act or omission constituting gross negligence or wanton or willful misconduct.
- B. The Company's liability for civil damages to the customer or any person for interruption or failure of 9-1-1 Service shall be limited by the terms set forth in this section and in any sections of other tariffs which apply to the provision of 9-1-1 Service (or components thereof) by the Company.
- C. The Company, and its directors, officers, employees and agents, shall not be liable for civil damages, whether in contract, tort or otherwise, to any person, corporation or other entity for any loss or damage caused by an act or omission of the Company, its directors, officers, employees and agents in the design, development, installation, testing, maintenance, supervision or provision of 9-1-1 Service other than an act or omission constituting gross negligence or wanton or willful misconduct. Except for gross negligence and/or wanton or willful misconduct, the Company's liability to any person, corporation or other entity for any loss or damage shall not exceed an amount equal to the prorated portion of the Company's applicable rates for the 9-1-1 Service or facilities provided by the Company to the customer for the time such interruption to service or facilities continues, after notice by the customer to the Company. No allowance shall be made if the interruption is due to the negligence, gross negligence and/or wanton or willful misconduct of the customer.

-
- D. The Company, and its directors, officers, employees and agents, shall not be liable or responsible for any damage arising from any cause whatsoever or any indirect, incidental or consequential damages associated with the provision of the 9-1-1 Service when any 9-1-1 call originates from a system or line which makes the provision of specific location information, impossible to provide for technical reasons. These technical reasons can include, but are not limited to, technical inability to provide subscriber line data or ANI associated with multi-party lines, off-premise extensions or private telecommunications services, such as PBX's or shared tenant services, or calls originating from an interexchange carrier or another telecommunications company, or over Centrex lines or customer extended lines, or calls originating from cellular or other radio-based communications systems.
- E. The Company accepts no responsibility for obtaining subscriber record information from private telecommunications systems, such as PBX's or shared tenant services, except to the extent that such information is provided to the Company by the person or entity owning or managing such private telecommunications system and being the Company's subscriber of record with respect thereto. Where applicable to the type of 9-1-1 Service being provided, the Company will integrate any records furnished to it by such subscriber in a Company-standard format for inclusion in a 9-1-1 database. However, by doing so, the Company makes no representation or warranty regarding the accuracy of the data provided to it by such subscriber and shall not be liable or responsible to any person, corporation or other entity for any damages, of whatever nature or description, arising from or related to any inaccuracy or incompleteness of such data or for any indirect, incidental or consequential damages associated with the provision, of this data or the inclusion of such data in any 9-1-1 database.

CENTURYTEL OF COWICHE

(C)

-
- F. The Company, and its directors, officers, employees and agents, shall not be liable or responsible for any indirect, incidental, or consequential damages associated with the provision of 9-1-1 Service when there is a failure of or interruption in 9-1-1 Service due to the attachment of any equipment by a customer or subscriber to Company facilities or a failure of or interruption in any facilities provided by any person or entity other than the Company.
- G. Except for Company acts or omissions constituting gross negligence or wanton or willful misconduct, the Company, and its directors, officers, employees and agents, shall not be liable for any mistakes, omissions, interruptions, delays, errors or defects or data errors in transmission or service caused or contributed to by the negligence or willful act of any person other than the Company, or arising from the use of customer-provided facilities or equipment or the facilities of another telecommunications company.
- H. Except for Company acts or omissions constituting gross negligence or wanton or willful neglect, the Company, and its directors, officers, employees and agents, shall not be liable or responsible for any indirect, incidental or consequential damages associated with the provision of 9-1-1 Service or any component thereof. The rates at which 9-1-1 Service, and the components thereof, are provided have been established expressly in reliance upon this limitation of liability.

(C)

-
- I. 9-1-1 Service (and the components thereof) is provided solely for the benefit of the PSAP. The provision of 9-1-1 Service by the Company shall not be interpreted, construed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligations toward any person or legal entity other than the customer. The Company's tort liability, if any, to any third party shall be limited to instances in which the Company's conduct constitutes gross negligence or wanton or willful misconduct.
- J. In the event that any portion of this Section IV is determined by any court or other lawful authority to be unlawful, then such portion shall be deemed reformed to the minimum extent necessary to cure its unlawfulness, and the remainder of Section IV, together with the portion so reformed, shall remain in full force and effect.
