EXPLANATION OF SYMBOLS, REFERENCE MARKS, AND ABBREVIATIONS OF TECHNICAL TERMS USED IN THIS TARIFF

The following symbols shall be used in this tariff for the purpose indicated below:

C  To signify changed regulation.
D  To signify discontinued rate or regulation.
I  To signify increased rate.
M  To signify a move in the location of text.
N  To signify new rate or regulation.
R  To signify reduced rate.
S  To signify reissued matter.
T  To signify a change in text but no change in rate or regulation.
APPLICATION OF TARIFF

This tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of intras end-user telecommunications services by CenturyTel Acquisition, LLC, hereinafter referred to as the Company customers within the State of Indiana.
DEFINITIONS

Certain terms used generally throughout this tariff are defined below.

**Abbreviated Dialing**: Permits lines within a Customer's terminal group to place calls within the group using 1 to 7 digits.

**Account Codes**: Permits Centrex Stations and attendants to dial an account code number of up to eight digits. For use when placing calls over facilities arranged for Automatic Message Accounting (AMA) recording. The account or project number must be input prior to dialing the called number.

**Advance Payment**: Part or all of a payment required before the start of service.

**Automatic Callback Calling**: Allows Customers to request an automatic callback upon receiving a busy signal. Caller may signal for dial tone and dial a feature code or press a feature button to request automatic callback facilities.

**Automatic Number Identification (ANI)**: Allows the automatic transmission of a caller's billing account telephone number to a local exchange company, inter-exchange carrier or a third party subscriber. The primary purpose of ANI is to allow for billing of toll calls.

**Bit**: The smallest unit of information in the binary system of notation.

**Calling Name Delivery**: Allows customers to view the name and telephone number associated with an incoming call before answering the phone.

**Call Back/Camp On**: Permits a station line encountering an all-trunk-busy condition the option of being notified when a trunk becomes idle.

**Call Forwarding**: 

**Call Forwarding Station**: Allows calls directed to a station line to be routed to a user defined line inside or outside the customer's telephone system.

**Call Forwarding System**: Permits calls attempting to terminate to a busy station line to be re-directed to a predetermined line inside or outside the customer's telephone system.

**Call Forwarding Remote**: This optional feature allows a user to activate/deactivate the Call Forwarding - All Calls feature or change the forwarded to telephone number from a remote location.
DEFINITIONS

Call Forwarding Busy: Allows incoming calls to a busy station to be routed to a pre-selected station line or attendant within the same system or outside the system. Intercom calls can be arranged to be forwarded to a number different from DID calls.

Call Forwarding Don't Answer: Allows incoming calls to be automatically routed to a pre-selected station line or attendant in the same system or outside the system, when the called station is not answered after a preset number of rings. Intercom calls can be arranged to be forwarded to a number different from DID calls.

Call Forwarding Variable Limited: When this feature is activated by a station line user or the attendant, incoming calls to the activated station line or attendant position will be automatically routed to any other selected station line, within the same Centrex system, or to the attendant position. The attendant may also activate this feature for a station line user.

Call Forwarding Variable Unlimited: The same as Call Forwarding Variable Limited except that incoming calls may be automatically routed to a telephone number outside the Centrex system or to station lines within the same Centrex system. The attendant may not activate this feature to a telephone number outside the Centrex system for a station line use. Calls forwarded outside the Centrex system are subject to the appropriate charges for local and toll messages.

Call Hold: Allows the user to hold one call for any length of time provided that neither party goes on hook.

Call Park: Allows a station line to park a call against its own line number. The parked call can be retrieved from any station line by dialing a feature code and the line number against which the call is parked.

Call Pickup: Allows a station line to answer incoming calls to another station line within a defined call pickup group. Call pickup is provided on individual station lines within a customer group.

Call Transfer: Allows a station line user to transfer any established call to another station line inside or outside the customer group without the assistance of the attendant.

Call Waiting: Permits a line in the talking state to be alerted by a tone when another call is attempting to complete to the line. Audible ringing is returned to the originating line. The Service also provides a hold feature that is activated by a switchhook flash.
DEFINITIONS

Collocation Point: Central Offices (CO) where CenturyTel Acquisitions LLC has installed equipment and connected to the Incumbent Local Exchange Carrier (ILEC) network so that CenturyTel Acquisitions LLC can connect to end-user Customers served out of the particular COs via leased unbundled network element loops (UNE loops).

Following is a list of Central Offices in which CenturyTel Acquisitions LLC is collocated. The list includes the name, address, and reference (CLLI) code for each Central Office from which CenturyTel Acquisitions LLC provides services including, but not limited to, Basic Line, Key Line, Basic Trunk, ClearStar Advantage, and BRI services. Services provided in this tariff depend on the existence of a collocation point that serves the Customer's area.

DEFINITIONS

Communication Services: The Company's intrastate toll and local exchange switched telephone services offered for both intraLATA and interLATA use.

Company: CenturyTel Acquisition LLC, the issuer of this tariff.

Conference: Dependent upon the service, allows customers to add limited number of parties to a call.

Customer or Subscriber: The person, firm or corporation that orders service and is responsible for the payment of charges and compliance with the Company's regulations. Customers are classified according to 1) the categories listed below; and for all categories of customers except OnNet Customers and Resold-Only Customers, 2) the Collocation Points listed above for services provided under this tariff. Where CenturyTel Acquisition serves two or more Customers over the same DS 1 UNE facility, each of those Customers are classified as if they subscribe to the total number of lines CenturyTel Acquisition serves using that DS 1 UNE facility.

1- 2 Line UNE Customers - Customers who subscribe to a total of one to two lines of voice and/or data services serviced via DS0 (64KB analog loop) and/or DS I (1.544 MB digital loop) UNE(s).

3 - 4 Line UNE Customers - Customers who subscribe to a total of three to four lines of voice and/or data services served via DS0 and/or DS 1 UNEs.

5 - 9 Line UNE Customers - Customers who subscribe to a total of five to nine lines of voice and/or data services served via DS0 and/or DS 1 UNEs.

10 - 16 Line UNE Customers - Customers who subscribe to a total of 10 to 16 lines of voice and/or data services served via DS0 and/or DS 1 UNEs.

17 - 23 Line UNE Customers - Customers who subscribe to a total of 17 to 23 lines of voice and/or data services used via DS0 and/or DS 1 UNEs.

24 - 50 Line UNE Customers - Customers who subscribe to a total of 24-50 lines of voice and/or data services served via DS0 and/or DS 1 UNEs.

50+ Line UNE Customers - Customers who subscribe to a total of 50 or more lines of voice and/or data services served via DS0 and/or DS 1 UNEs.

DEFINITIONS

On-Net Customers - Customers who have purchased and/or will purchase services which are directly connected to CenturyTel Acquisition LLC fiber network via a fiber loop or fiber lateral into the Customer's premise.

Resold-Only Customers - Customers who are serviced or will be serviced by CenturyTel Acquisition LLC purely through the resale of other carriers' services delivered through other carriers' facilities. These resale-only Customers do not connect to CenturyTel Acquisition LLC’s network - either directly to CenturyTel Acquisition LLC’s fiber or via UNE (unbundled network elements).

Dial Pulse (or "DP"): The pulse type employed by rotary dial station sets.

Dial 9 Access: Allows Customers to place calls outside their ClearStar Advantage system by dialing an access code (usually 9).

Direct Inward Dial (or "DID"): A service attribute that routes incoming calls directly to stations, bypassing a central answering point.

DID Trunk: A form of local switched access that provides the ability for an outside party to call an internal extension directly without the intervention of the company operator.

Direct Outward Dial (or "DOD"): A service attribute that allows individual station users to access and dial outside numbers directly.

Do Not Disturb: Permits the attendant to cut off a single station line and selected groups of station lines from receiving incoming and station-to-station calls.

DSX-1 Panel: Distribution equipment used to terminate and administer DS 1 (1.544 Mbps) circuits. Dual Tone Multi-Frequency (or "DTMF"): The pulse type employed by tone dial station sets. Duplex Service: Service that provides for simultaneous transmission in both directions.

Fiber Optic Cable: A thin filament of glass with a protective outer coating through which a light beam carrying communications signals may be transmitted by means of multiple internal reflections to a receiver, which translates the message.

Hunting: Routes a call to an idle station line in a prearranged group when the called station line is busy.

In-Only: A service attribute that restricts outward dial access and routes incoming calls to a designated answer point.
DEFINITIONS

Joint User: A person, firm or corporation that is designated by the Customer as a user of services furnished to the Customer by CenturyTel Acquisition and to whom a portion of the charges for the service will be billed under a joint user arrangement as specified herein.

Kbps: Kilobits per second, denotes thousands of bits per second.

Last Number Redial: Enables a station line user to redial the last called number by use of an access code rather than dialing the entire number.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Line: A voice or digital circuit with transmission capacity up to 64KB per second.

Local Exchange Carrier or ("LEC"): Denotes any individual, partnership, association, joint-stock company, trust or corporation engaged in providing switched communication within an exchange.

Manual Exclusion: Restricts others from retrieving a put on hold or from breaking into a call. Applicable to ISDN centrex type services. Ensures privacy is automatically invoked whenever a customer picks up the phone to place or answer a call.

Mbps: Megabits, denotes millions of bits per second.

Message Waiting Indication: Provides a lighted indicator (usually on a telephone set) that informs customer of a new message to be reviewed.

Multi-Frequency or An inter-machine pulse-type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Multi Site Abbreviated Dialing: Allows customers to use abbreviated dialing capabilities among multiple locations.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, that continue for the agreed upon duration of the service.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service that does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.
DEFINITIONS

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Speed Calling: Permits a station line user to dial selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is customer-changeable.

System: Allows shared use of speed calling list. A control station will add, change or delete telephone numbers from the list for the group.

Station: Allows a station line user to add, change or delete telephone numbers from a speed calling list. The list is dedicated to the individual station line user.

Three-Way Calling: Allows a station line user to add a third party to an existing conversation.

Two Way: A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

Uniform Call Distribution: Automatically distributes incoming calls, in the order of their arrival, to customer telephone lines that have been idle the longest.

User or End User: A Customer, Joint User, or any other person authorized by a Customer to use service provided under this tariff.

REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission between points within the State of Indiana.

Customers and users may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.
2.1 Undertaking of the Company (Cont'd)

2.1.2 Shortage of Equipment or Facilities

(A) The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.

(B) The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions

(A) Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.

(B) Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.

(C) At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party upon 30 days' written notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.

(D) In any action between the parties to enforce any provision of this tariff, the prevailing party shall be entitled to recover its legal fees and court costs from the non-prevailing party in addition to other relief a court may award.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions (Cont'd)

(E) Service may be terminated upon written notice to the Customer if

(1) the Customer is using the service in violation of this tariff, or

(2) the Customer is using the service in violation of the law.

(F) This tariff shall be interpreted and governed by the laws of the State of Indiana regardless of its choice of laws provision.

(G) Ameritech and GTE and its affiliated local telephone companies must not interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.

(H) To the extent that either the Company or any other telephone company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its customers. At the reasonable request of either party, the Company and the other telephone company shall join the attempt to obtain from the owner of the property access for the other party to serve a person or entity.

REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company

(A) The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in 2.6. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

(B) The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, food, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

(C) The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.

(D) The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.

(E) The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this section 2.1.4 (E) as a condition precedent to such installations.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company (Cont'd)

(F) The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.

(G) The Company shall be indemnified, defended and held harmless by the Customer against any claim, loss or damage arising from Customer's use of services, involving claims for libel, slander, invasion of privacy, or infringement of copyright arising from the Customer's own communications.

(H) The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid the Company by the Customer for the specific services giving rise to the claim. No action or proceeding against the Company shall be commenced more than one year after the service is rendered.

(I) THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.
2.1 Undertaking of the Company (Cont'd)

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provision of Equipment and Facilities

(A) The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.

(B) The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.

(C) The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided the Customer.

(D) Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which it was provided by the Company.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.6 Provision of Equipment and Facilities (Cont'd)

(E) The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

(F) The Company shall not be responsible for the installation, operation, or maintenance of any Customer-provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:

(1) the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission; or

(2) the reception of signals by Customer-provided equipment.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.7 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.
REGULATIONS

2.1 Undertaking of the Company (Cont'd)

2.1.8 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken:

(A) where facilities are not presently available, and there is no other requirement for the facilities so constructed;

(B) of a type other than that which the Company would normally utilize in the furnishing of its services;

(C) over a route other than that which the Company would normally utilize in the furnishing of its services;

(D) in a quantity greater than that which the Company would normally construct;

(E) on an expedited basis;

(F) on a temporary basis until permanent facilities are available;

(G) involving abnormal costs; or

(H) in advance of its normal construction.

2.1.9 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its agents or contractors.
2.2 Prohibited Uses

(A) The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

(B) The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and Indiana Utility Regulatory Commission regulations, policies, orders, and decisions.

(C) The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.

(D) A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.
2.3 Obligations of the Customer

2.3.1 General

The Customer shall be responsible for:

(A) the payment of all applicable charges pursuant to this tariff,

(B) damage to or loss of the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or thief or other casualty on the Customer Premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company;

(C) providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
REGULATIONS

2.3 Obligations of the Customer (Cont’d)

2.3.1 General (Cont’d)

(D) obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduits necessary for installation of fiber optic cable and associated equipment used to provide Communication Services to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1(C). Any and all costs associated with obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be bore entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service;

(E) providing a safe place to work and complying with all laws and regulations regarding the working conditions on the premises at which Company employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain Company facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material (e.g. friable asbestos) prior to any construction or installation work;
REGULATIONS

2.3  Obligations of the Customer (Cont'd)

2.3.1  General (Cont'd)

(F) complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer premises or the rights-of-way for which Customer is responsible under Section 2.3.1(D); and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company;

(G) not creating, or allowing to be placed, any liens or other encumbrances on the Company's equipment or facilities; and

(H) making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer. No allowance will be made for the period during which service is interrupted for such purposes.
2.3 Obligations of the Customer (Cont'd)

2.3.2 Claims

With respect to any service or facility provided by the Company, Customers shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees for:

(A) any loss, destruction or damage to the property of the Company or any third party, or death or injury to persons, including, but not limited to, employees or invitees of either party, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or

(B) any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of the Company's services and facilities in a manner not contemplated by the agreement between the Customer and the Company.
REGULATIONS

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

(A) Terminal equipment on the User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.

(B) The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.
2.4 Customer Equipment and Channels (Cont'd)

2.4.3 Interconnection of Facilities

(A) Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communication Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.

(B) Communication Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers that are applicable to such connections.

(C) Facilities furnished under this tariff may be connected to Customer-provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all User-provided wiring shall be installed and maintained in compliance with those regulations.

(D) Users may interconnect communications facilities that are used in whole or in part for interstate communications to services provided under this tariff only to the extent that the user is an "End User" as defined in Section 69.2(m), Title 47, Code of Federal Regulations (1992 edition).
2.4 Customer Equipment and Channels (Cont'd)

2.4.4 Inspections

(A) Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2(B) for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.

(B) If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.
2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

(A) Taxes

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state and federal taxes, charges or surcharges (however designated) (excluding taxes on Company's net income) imposed on or based upon the provision, sale or use of Network Services.

2.5.2 Billing and Collection of Charges

(A) Non-recurring charges are due and payable from the customer within 30 days after the invoice date, unless otherwise agreed to in advance.

(B) The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the invoice date. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods.

(C) When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.
2.5 Payment Arrangements (Cont'd)

2.5.2 Billing and Collection of Charges (Cont'd)

(D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

(E) If any portion of the payment is received by the Company after the date due, or if any portion of the payment is received by the Company in funds that are not immediately available, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the date due, multiplied by the lesser of the highest percentage allowable by the Indiana Utility Regulatory Commission or a late factor of 1.5% per month.

(F) The Customer will be assessed a charge of twenty-five dollars ($25.00) for each check submitted by the Customer to the Company that a financial institution refused to honor.

(G) Customers have up to 90 days (commencing 5 days after remittance of the bill) to initiate a dispute over charges or to receive credits.

(H) If service is disconnected by the Company in accordance with section 2.5.5 following and later restored, restoration of service will be subject to all applicable installation charges.
2.5 Payment Arrangements (Cont'd)

2.5.3 Advanced Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the non-recurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. An advance payment may be required in addition to a deposit.

REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.4 Deposits

(A) To safeguard its interests, the Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:

(1) two month's charges for a service or facility that has a minimum payment period of one month; or

(2) the charges that would apply for the minimum payment period for a service or facility that has a minimum payment period of more than one month; except that the deposit may include an additional amount in the event that a termination charge is applicable.

(B) A deposit may be required in addition to an advance payment.

(C) When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account.

(D) Deposits held will accrue interest at a rate determined by the Company without deductions for any taxes on such deposits. Interest will not accrue on any deposit after the date on which reasonable effort has been made to return it to the Customer.

REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.5 Discontinuance of Service

(A) Upon nonpayment of any amounts owing to the Company, the Company may, by giving 24 hours prior written notice to the Customer, discontinue or suspend service without incurring any liability.

(B) Upon violation of any of the other material terms or conditions for furnishing service the Company may, by giving 30 days' prior notice in writing to the Customer, discontinue or suspend service without incurring any liability if such violation continues during that period.

(C) Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.
REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.5 Discontinuance of Service (Cont'd)

(D) Upon the Customer's insolvency, assignment for the benefit of creditors, fling for
bankruptcy or reorganization, or failing to discharge an involuntary petition within the
time permitted by law, the Company may immediately discontinue or suspend
service without incurring any liability.

(E) Upon any governmental prohibition or required alteration of the services to be
provided or any violation of an applicable law or regulation, the Company may
immediately discontinue service without incurring any liability.

(F) In the event of fraudulent use of the Company's network, the Company will
discontinue service without notice and/or seek legal recourse to recover all costs
involved in enforcement of this provision.

(G) Upon the Company's discontinuance of service to the Customer under Section
2.5.5 (A) or 2.5.5(B), the Company, in addition to all other remedies that may
be available to the Company at law or in equity or under any other provision of
this tariff, may declare all future monthly and other charges that would have
been payable by the Customer during the remainder of the term for which such
services would have otherwise been provided to the Customer to be
immediately due and payable (discounted to present value at six percent).
REGULATIONS

2.5 Payment Arrangements (Cont’d)

2.5.6 Cancellation of Application for Service

(A) Applications for service cannot be canceled without the Company’s agreement. Where the Company permits a Customer to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.

(B) Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs incurred by the Company, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service commenced (all discounted to present value at six percent).

(C) Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred by the Company, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

(D) The special charges described in 2.5.6(A) through 2.5.6(C) will be calculated and applied on a case-by-case basis.
REGULATIONS

2.5 Payment Arrangements (Cont'd)

2.5.7 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.6 Allowances for Interruptions in Service

Interruptions in service that are not due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer or the operation or malfunction of the facilities, power or equipment provided by the Customer, will be credited to the Customer as set forth in 2.6.1 for the part of the service that the interruption affects.

2.6.1 Credit for Interruptions

(A) A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

(B) For calculating credit allowances, every month is considered to have 30 days. A credit allowance for fixed recurring fees only is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
REGULATIONS

2.6 Allowances for Interruptions in Service (Cont'd)

2.6.1 Credit for Interruptions (Cont'd)

(C) A credit allowance will be given for interruptions of 30 minutes or more. Credit allowances shall be calculated as follows:

Interruptions of 24 Hours or Less

</table>

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.
REGULATIONS

2.6 Allowances for Interruptions in Service (Cont'd)

2.6.1 Credit for Interruptions (Cont'd)

(C) (Cont'd)

Over 24 Hours and Less Than 72 Hours. Interruptions over 24 hours and less than 72 hours will be credited 1/5 day for each 3-hour period or fraction thereof. No more than one full day's credit will be allowed for any period of 24 hours.

Interruptions Over 72 Hours. Interruptions over 72 hours will be credited 2 days for each full 24-hour period. No more than 30 days' credit will be allowed for any one month period.
2.6 Allowances for Interruptions in Service (Cont'd)

2.6.2 Limitations on Allowances

No credit allowance will be made for:

(A) interruptions due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer, authorized user, joint user, or other common carrier providing service connected to the service of the Company;

(B) interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company’s facilities;

(C) interruptions due to the failure or malfunction of non-Company equipment;

(D) interruptions of service during any period in which the Company is not given full to its facilities and equipment for the purpose of investigating and correcting interruptions;

(E) interruptions of service during a period in which the Customer continues to use the service on an impaired basis;

(F) interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; and

(G) interruption of service due to circumstances or causes beyond the control of Company.
REGULATIONS

2.6 Allowances for Interruptions in Service (Cont'd)

2.6.3 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit that has been subject to the outage or cumulative service credits.
2.7 Use of Customer's Service by Others

2.7.1 Resale and Sharing

Any service provided under this tariff may be resold to or shared with other persons at the option of the Customer, subject to compliance with any applicable laws or Indiana Utility Regulatory Commission regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

2.7.2 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the designated Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.
2.8 Cancellation of Service

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in Section 2.6.1 above), the Customer agrees to pay to the Company termination liability charges, as defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period, set forth in Section 2.5.2.

The Customer's termination liability for cancellation of service shall be equal to:

(A) all unpaid and waived Non-Recurring charges reasonably expended by the Company as well as all costs incurred by Company to establish service to the Customer; plus

(B) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by the Company on behalf of the Customer; plus

(C) all Recurring Charges specified in the applicable Service Order Tariff for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation; plus

(D) the difference between a Customer's term rates and the Company's month-to-month rates times the actual length of service.
REGULATIONS

2.9 Transfers and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties:

(A) to any subsidiary, parent company or affiliate of the Company; or

(B) pursuant to any sale or transfer of substantially all the assets of the Company; or

(C) pursuant to any financing, merger or reorganization of the Company.
2.10 **Notices and Communications**

(A) The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.

(B) The Company shall designate on the Service Order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.

(C) All notices or other communications required to be given pursuant to this tariff will be in writing. Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following placement of the notice, communication or bill with the U. S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.

(D) The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.
2.11 **Operator Services Rules**

(A) The Company will enforce the following operator service rules.

A provider of intrastate operator assisted communications services must:

1. identify itself at the time the end-user accesses its services;

2. upon request, quote all rates and charges for its services to the end-user accessing its system;

3. arrange to have posted in plain view at each telephone location which automatically accesses the operator service provider's network and where its services are made available to the public or transient end-users:
   
   (a) the operator service provider's name and address;
   
   (b) bill and service dispute calling information including the operator service provider's dispute resolution phone number;
   
   (c) clear and specific instructions informing the end-user how to access a local exchange telephone company operator as an alternative available to the end user; and
   
   (d) notice concerning any and all amounts to be billed by the operator services provider on behalf of any host location or third party that will appear on the operator service provider's bill for services rendered.
REGULATIONS

2.11 Operator Services Rules (Cont'd)

(A) (Cont'd)

(4) in instances when the provider is unable to complete the call and it requires transfer to another telephone corporation that may affect the rates and charges applicable to the telephone bill, inform the caller of the transfer and its possible effect on the applicable rates and charges, before any charges are incurred; and

(5) in the case of such transfer, the telephone corporation or provider to which the call is transferred shall identify itself and inform the caller of the transfer's effect on the applicable rates and charges, before any charges are incurred.

(B) The Company will comply with the following provisions:

(1) Providers of intrastate operator assisted communications services shall not take any, action or enter into any arrangement that restricts end-user selection among competing interexchange telephone corporations or end-users access to competing providers of intrastate operator assisted communications services, or pay any commissions or other compensation to any entity engaged in such action or arrangement.
APPLICATION OF RATES

3.1 Introduction

The regulations set forth in this section govern the application of rates for services contained in other sections of this tariff.

3.2 Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

(A) Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.

(B) Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.

(C) Timing terminates on all calls when the calling party hangs up or the Company’s network receives an off-hook signal from the terminating carrier.

(D) Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.

(E) All times refer to local time.
APPLICATION OF RATES

3.3 Rates Based Upon Distance

Where charges for a service are specified based upon distance, the following rules:

(A) Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in the Local Exchange Routing Guide issued by Bellcore, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the rate center of the Customer's main billing telephone number.
APPLICATION OF RATES

3.3 Rates Based Upon Distance (Cont'd)

(B) The airline distance between any two rate centers is determined as follows:

(1) Obtain the "V" (vertical) and "H" (horizontal) coordinates for each rate center from the Bellcore Local Exchange Routing guide referenced in Section 3.3(A).

(2) Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.

(3) Square each difference obtained in step (2) above.

(4) Add the square of the "V" difference and the square of the "H" difference obtained in step (3) above.

(5) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.

(6) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

(7) FORMULA =

\[ \sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}} \]
SERVICE AREAS

4.1 Exchange Access Service Areas

Exchange Access Services are provided (pursuant to Section 5.1 and Section 7.1) in the following areas:

<table>
<thead>
<tr>
<th>Exchange</th>
<th>Geographic Areas In Which Basic Local Calling Service Is Available</th>
</tr>

Exchange Access Service provides a Customer with a telephonic connection to, and a unique telephone number address on the public switched telecommunications network. Each Exchange Access Service enables users to:

(A) receive calls from other stations on the public switched telecommunications network;

(B) access other services offered by the Company as set forth in this tariff;

(C) access certain interstate and international calling services provided by the Company;

(D) access (at no additional charge) the Company's operators and business office for service related assistance;

(E) access (at no additional charge) emergency services by dialing 0- or 9-1-1; and

(F) access services provided by other common carriers that purchase the Company's Switched Access services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the customer's premises.

The following Exchange Access Services are offered:

- Basic Line Service
- Key Line Service
- Basic Trunk Service DID
- Trunk Service Digital
- Trunk Service
- ClearStar™ Advantage Service
- Primary Rate Interface (PRI)
- Basic Rate ISDN (BRI)
- Clear-T Service

5.7.6 Contract Termination Charges

When a customer terminates a contract for ClearStar Advantage Services prior to the end of the contract term, a contract termination charge will be computed as follows:

The following factors will be used to compute an "Estimated Month-To-Month Rate" for ClearStar Advantage Service.

<table>
<thead>
<tr>
<th>Length of Contract</th>
<th>Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>One Year</td>
<td>1.05</td>
</tr>
<tr>
<td>Two Years</td>
<td>1.08</td>

<td>1.11</td>
</tr>
<tr>
<td>Four Years</td>
<td>1.15</td>
</tr>
<tr>
<td>Five Years</td>
<td>1.18</td>
</tr>
</tbody>
</table>

The Estimated Month-To-Month Rate will be calculated as follows:

Estimated Month-To-Month Rate = Customer's Contract Rate x Factor

The termination charge will then be calculated in the same manner as all other services with term rates, as explained in the General section of this tariff. The Estimated Month-To-Month Rate for ClearStar service will be substituted for the Month-To-Month rate in the termination charge equation:

Termination Charge = Estimated Month-To-Month Rate - Contract Rate x Number of Months Customer Had Service x Number of Lines.

5.8 Primary Rate Interface (PRI)
Primary Rate Interface Service (PRI) provides an ISDN based, DS I access to the telecommunications network and includes the flexibility of integration of multiple voice and/or data transmission channels on the same line. The service will provide connectivity between ISDN compatible CPE and a serving central office. The basic channel structure for PRI Service is twenty three 64 Kbps B-Channels and one 64 Kbps D-Channel. The customer has the option to activate up to 23 B-Channels on the first PRI Service arrangement and up to 24 channels on additional PRI Service arrangements. A Digital Data Only option and an Inward Data Option are also available. The 23 B-Channels can be used to connect the customer's CPE to the Public Circuit Switched Network, e.g., outward, inward and 2-way network access. Calling Number Delivery, Called Number Delivery, and Hunting functionality are inherent to this service. Telephone numbers for use on PRI Service are available. One Primary Directory Listing will be furnished at no charge for each PRI service B-Channel. Additional listings can be obtained. PRI Service provides capability for the transmission of digital signals only. Clear Channel Capability and Extended Superframe Format are inherent to the service.

Non-recurring and monthly rates per PRI Service apply as follows:

<table>

5.9 **Basic Rate ISDN (BRI)**

Basic Rate ISDN provides Basic Rate access to the telecommunications network. The service supports simultaneous transmission of voice and data on the same exchange access line. BRI consists of one or two 64Kbps B channels and one 16Kbps D channel (for signaling purposes only) at the service delivery point. Each access to a B channel or Circuit Switched Voice/Circuit Switched Data includes one Directory Number. Includes 400 hours per BRI, then usage charges apply as stated below. Optional custom calling features are available to increase the capability of the B channels may be subscribed to on an as needed basis. EXCHANGE ACCESS OPTIONAL FEATURES

6.1 Directory Listings

For each Customer of Company-provided Exchange Access Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at the following rates:

<table>
<thead>
<tr>
<th></th>
<th>Non-Recurring</th>
<th>Monthly Recurring</th>
</tr>
</thead>
<tbody>
<tr>
<td>Each Additional Listing</td>

<td>N/A</td>
<td>$2.20</td>
</tr>
<tr>
<td>Cross Reference</td>
<td>N/A</td>
<td>$2.00</td>
</tr>
</tbody>
</table>

For Customers with multiple premises served by the Company, the Company will arrange for a listing of the main billing telephone number at each premise.
EXCHANGE ACCESS OPTIONAL FEATURES

6.2 Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer’s PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Basic Trunks or Digital Trunks in Sections 5.4, and 5.6, respectively.

One DID Additive charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. The Customer is required to purchase at least one DID number block for each DID equipped trunk or trunk group, or DID-equipped channel or channel group. The assignment of telephone numbers and the sequence of the numbers assigned to a DID service is made at the discretion of the Company.

</tbody>
</table>

A “group” is a set of Basic Trunks or Digital Trunk channels which have been configured into a hunt group.
EXCHANGE ACCESS OPTIONAL FEATURES

6.3 Main Number Retention

6.3.1 Description

Main Number Retention is an optional feature by which a new Customer, who was formally a customer of another certificated local exchange carrier at the same premises location, may retain its main telephone numbers and main fax numbers for use with the Company-provided Exchange Access Services. Main Number Retention service is only available in areas where the Company maintains some form of number retention arrangement with the Customer's former local exchange carrier.

Monthly recurring and non-recurring charges apply per retained number. Rates for retained numbers may vary from area to area.

6.4 Accounting Codes

Accounting Codes provide customers with a means of restricting calls or itemizing calls, according to specific digits that must be dialed at the end of a long distance telephone number. The length of Accounting Codes may vary from 2 to 6 digits, however, the length must be consistent for each customer location.

Offered are packages of codes that are verified against a specific list of valid numbers, for call restriction, or unverified packages of 2-6 digits in length for cataloging by code the calls made.

EXCHANGE ACCESS OPTIONAL FEATURES

6.6  Vanity Number Service

6.6.1  Description

Vanity Number Service is an optional feature by which a new Customer may request a specific or unique telephone number and fax number for use with the Company provided Exchange Access Services. This service provides for the assignment of a customer requested telephone number other than the next available number from the assignment control list.

Vanity Number Service is furnished subject to the availability of facilities and the requirements of Exchange Access Service as defined by the Company. The Company reserves all rights to the Vanity Numbers assigned to customers and may, therefore, change them if required.

Monthly recurring charges apply per Vanity Number.

LOCAL CALLING SERVICE

7.1 Description

Local Calling Service provides a Customer with the ability to originate calls from a Company-provided access line to all other stations on the public switched telephone network bearing the designation of any central office exchanges, areas, and zones included in the Customer's local calling area.

7.1.1 Basic Local Exchange Service - This calling service allows the Customer unlimited access to all other stations on the public switched telephone network within the customer's Basic Local Calling Area. All calls to destinations outside the Basic Local Calling Area but within the same state and LATA will be charged the IntraLATA rates as specified in Section 9.3 following.

7.1.2 Expanded Local Exchange Service - This calling service allows the Customer limited access to all other stations on the public switched telephone network within the Customer's Basic Local Calling Area. Additional calls to the Basic Local Calling Area will be charged as specified in Section 8.2.1(A) following. All calls to the Expanded Local Calling Area will be charged a per call setup and per minute access charge as specified in Section 8.2.1(B) following. All calls to destinations outside the Expanded Local Calling Area but within the same state and LATA will be charged the IntraLATA rates as specified in Section 9.3 following.

1 Except calls to other telephone companies’ caller paid information services (e.g. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's centralized switching facility.

2 As specified in Ameritech-GTE tariffs in effect and as amended from time-to-time.

9.2  Busy Line Verify and Line Interrupt Service

9.2.1  Description

Upon request of a calling party, the Company will verify a busy condition on a called line.

(A) The operator will determine if the line is clear or in use and report to the calling party.

(B) The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

9.2.2  Regulations

(A) A charge will apply when:

(1) The operator verifies that the line is busy with a call in progress.

(2) The operator verifies that the line is available for incoming calls.

(3) The operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption.

9.10 Payphone Service Provider Telephone (PSP)

Access line service for Payphone Service Provider (PSP) telephones is an exchange line service provided at the request of a subscriber for telecommunications use by the general public. This access line service is provided on a fat rate basis. This access line service is provided for use with PSP non-coin-operated public telephones or PSP coin-operated public telephones. PSP telephones may utilize “store and forward” technology to complete 0+ local; intraLATA and interLATA collect only. Standard features included are Flex ANI, Dial Around, Call Restriction, Call Screening, & Operator Screen Blocking. The subscriber shall be responsible for the installation, maintenance and operation of PSP telephones used in connection with this service. PSP telephones must be connected to the Company network in compliance with Part 68 of the FCC Rules and Regulations. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Tariff. This service is not subject to concessions. Access line service for PSP telephones can not be included on accounts containing other classes of service. This access line provides screening information to prevent the operator from allowing toll charges against the subscriber's line; the operator also can not perform coin collecting functions. The Company is not responsible for refunds of coins deposited in PSP coin-operated telephones. Customer-provided public telephones may only be connected to access line service for PSP telephones. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account. Providers of public voice facsimile services which are transmitted over the public switched network are required to obtain Access Line Service for PSP telephones service for connection to the network. The term "Voice Facsimile service" refers to the use of devices providing facsimile service with associated voice capability so that the end user is able to make conventional voice calls as well as electronic transmittals over the same instrument. Provision for such services are subject to the rates and regulations set forth herein for Access Line Service for PSP Telephones. For customers subscribing to Caller ID - Deluxe, as specified in section 14.6.5 of this Tariff if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone.

SPECIAL ARRANGEMENTS

10.1 Special Construction

10.1.1 Basis for Charges

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include:

(A) non-recurring type charges;

(B) recurring type charges;

(C) termination liabilities; or

(D) combinations thereof.

10.1.2 Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the customer.

(A) The termination liability period is the estimated service life of the facilities provided.

(B) The amount of the maximum termination liability is equal to the estimated amounts for:
SPECIAL ARRANGEMENTS

10.1 Special Construction (Cont'd)

10.1.2 Termination Liability (Cont'd)

(B) (Cont'd)

(1) Cost installed of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. Cost installed includes the cost of

(a) equipment and materials provided or used,

(b) engineering, labor and supervision,

(c) transportation, and

(d) rights-of-way;

(2) license preparation, processing, and related fees;

(3) tariff preparation, processing, and related fees;

(4) cost of removal and restoration, where appropriate; and

(5) any other identifiable costs related to the specially constructed or rearranged facilities.
SPECIAL ARRANGEMENTS

10.1 Special Construction (Cont'd)

10.1.2 Termination Liability (Cont'd)

(C) The applicable termination liability method for calculating the unpaid balance of a term obligation. The amount of such charge is obtained by multiplying the sum of the amounts determined as set forth in Section 11.1.2(B) preceding by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in section 11.1.2(B) preceding shall be adjusted to reflect the re-determined estimate net salvage, including any reuse of the facilities provided. This product is adjusted to reflect applicable taxes.
SPECIAL ARRANGEMENTS

10.2 Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis.
10.3 Temporary Promotional Programs

The Company may establish temporary promotional programs as part of its sales and marketing efforts as may be needed to respond to customer needs.

(A) Introduce New Services - The Company may waive or reduce non-recurring or recurring charges to introduce present or potential Customers to a service not previously received by the Customers.

(B) Respond to Competitive Offers - The Company may waive or reduce non-recurring or recurring charges in response to competitive offers from other service providers.

(C) Loyalty Rewards - The Company may issue Customers a one-time credit up to $1500 as part of overall customer retention program.
